ANNOUNCEMENT

FDA Verification Portal Implementation

The Food and Drug Administration, in its commitment to provide stakeholders with streamlined and improved government services, has developed the FDA Verification Portal System. This online portal provides comprehensive lists of FDA Licensed Establishments and Registered Products thus ensuring consumers' access to safe and quality commodities in the market.

The FDA wishes to inform the public that it is now accessible through the website link

<https://verification.fda.gov.ph>.

ROLANDO ENRIQUE D. DOMINGO, MD
FDA Director-General
