The aforementioned products have been tested by the Food and Drug Administration, Thailand as part of their post-marketing surveillance activities and results of the laboratory analyses show that these products are not compliant with the technical standards set forth by the ACD.

Products #1 to #3 were found to contain Clobetasol propionate which is an ingredient not allowed to be part of cosmetic products as this is classified as drug product in the Philippines because of its multiple serious adverse effects when used indiscriminately.

CI 15585, a colorant contained in the other products reported, is likewise not allowed to be part of cosmetic products as it has shown carcinogenic effects in mammalian models.

In light of the foregoing, the public is advised not to purchase the aforementioned unauthorized and adulterated products. Moreover, the public is advised to always check if a cosmetic product is notified with the FDA. The FDA website (www.fda.gov.ph) has a *Search* feature which may be used by typing in the name of the product before purchasing.

All concerned establishments are warned not to distribute unauthorized and adulterated cosmetic products.

All FDA Regional Field Offices and Regulatory Enforcement Units, in coordination with law enforcement agencies and Local Government Units, are requested to ensure that violative products are not sold or made available in the market or areas of jurisdiction.

Kindly contact the FDA Center for Cosmetics Regulation and Research through e-mail at **crr@fda.gov.ph**, or call **(02) 8857-1900 loc. 8113 or 8107**.

To report any sale or distribution of the afore-mentioned cosmetic product, the online reporting facility, **eReport** can be accessed at **www.fda.gov.ph/ereport**.

Dissemination of this advisory to all concerned is hereby requested.
