BUREAU CIRCULAR
NO. 02, s.1999

Subject: Amendment to BFAD M.C. No.25, s.1992 otherwise known as "Additional Labeling Requirement for Food Supplements"

1. BFAD Memorandum Circular No.25, s.1992, confirms the BFAD requirement of printing the caption "No Approved Therapeutic Claim" on the labels of all food supplements to ensure that such products are not commercially sold or advertised with therapeutic claims.
2. To ensure that such labeling requirement is conspicuously seen by consumers, M.C. 25, s.1992 is hereby amended providing for specific requirements on the printing of such caption.
3. The following specifications shall be applied in printing the caption on the labels of all food supplements: Font size – 14 pts. ; Font type – Arial ; all capital and bold letters. Thus the caption shall appear as:

NO APPROVED THERAPEUTIC CLAIMS

4. This caption shall be printed on the primary display panel of all labeling materials used for food supplements (i.e. immediate label of the container, box, carton, brochures, leaflets, etc.)
5. In case the label is too small to accommodate the above stated printing specifications, the letters of the caption shall be printed as one-half (1/2) the size of the largest text in the primary display panel, while still maintaining the other specifications.
6. For currently registered products, which have approved labels not in accordance with the above provisions, a stick-on labeling shall be allowed as a transitional remedy.
7. This requirement shall become mandatory beginning 30 June 1999, to give food establishments sufficient time to make the necessary modification to the labels.

8. After this date, all food supplements found not in compliance with this labeling shall be deemed misbranded subject to confiscation and penalties provided in R.A. 3720, as amended by E.O. 175, "The Food, Drugs and Devices and Cosmetics Act."
