Figure 1. Unauthorized Product KINDEE MOSQUITO REPELLENT PATCH

The abovementioned products were verified by FDA through post marketing surveillance and shows no valid Certificate of Product Registration (CPR) as of 23 June 2021. Pursuant to Book II, Article I, Section 1 (a) of the Rules and Regulations Implementing Republic Act No. 9711, otherwise known as the “Food and Drug Administration Act of 2009”, the manufacture, importation, exportation, sale, offering for sale, distribution, transfer, non-consumer use, promotion, advertising, or sponsorship of any health product without the proper authorization from the FDA is prohibited.

Since the abovementioned unauthorized household/urban pesticide products have not gone through the registration process of the FDA, the agency cannot assure their quality and safety. The use of such violative product may pose health risks to consumers.

Potential hazards may come from harmful, toxic and banned active ingredients that pose imminent danger to human and animal health. The use of substandard and possibly

adulterated household/urban pesticide products may result to adverse reactions including, but not limited to, skin irritation, itchiness, anaphylactic shock, respiratory disorders, endocrine complications, brain damage and organ failure.

In light of the foregoing, the public is advised not to purchase the aforementioned violative household/urban pesticide products. Moreover, the public is advised to always check if a household/urban pesticide product is registered using the FDA Verification Portal feature accessible at <https://verification.fda.gov.ph> which may be used by typing in the name of the product before the purchase and/or using the household/urban pesticide products.

All concerned establishments are warned not to distribute violative household/urban pesticide products until they have fully complied with the rules and regulation of the FDA.

All FDA Regional Field Offices and Regulatory Enforcement Units, in coordination with law enforcement agencies and Local Government Units, are requested to ensure that violative products are not sold or made available in the market or areas of their jurisdiction.

To report any sale, distribution, complaint and/or adverse event on the use of the violative household/urban pesticide products, the online reporting facility, **eReport** can be accessed at [ereport@fda.gov.ph](mailto:ereport@fda.gov.ph), or call us at the Center for Cosmetics and Household/Urban Hazardous Substances Regulation and Research (CCHUHSRR) hotline (02) 8857-1900 loc. 8113 or 8107.

Dissemination of this advisory to all concerned is hereby requested.
