

FDA ADVISORY
No. 2021-3612

28 DEC 2021

TO: GENERAL CONSUMING PUBLIC

SUBJECT: Public Health Warning Against the Purchase and Use of Adulterated Cosmetic Product "MBP ALCOHOL ISOPROPYL ALCOHOL 70% TOPICAL SOLUTION"

The Food and Drug Administration (FDA) warns the public from purchasing and using the adulterated cosmetic product **MBP ALCOHOL ISOPROPYL ALCOHOL 70% TOPICAL SOLUTION** which tested and found to contain presence of **METHANOL**. Such ingredient is not allowed to be part of a cosmetic product as per ASEAN Cosmetic Directive. The table below indicates the particulars of the adulterated cosmetic product:

PRODUCT DETAILS	PRODUCT IMAGE/S
<p>Manufactured by/ Local Company Responsible for Placing the Product in the Market: COSMOLAB PHILIPPINES CO.</p> <p>Address: #118 CALAMBA COR. BANAWA, DON MANUEL, Quezon City, Metro Manila</p> <p>Country of Manufacture: Philippines</p> <p>Lot/Batch Number: CPCU201A001 Mfg. Date: 09-2020 Exp. Date: 09-2022</p>	

The sample shows presence of methanol (2.64%). As per interpretation of the result, the sample submitted does not conform to the specification of the test conducted.

As Per Section 11, subsections (a) and (b) of R.A. 3720 as amended by Republic Act No. 9711 "Food and Drug Administration (FDA) Act of 2009", Section 10 subsection (a) and (b), prohibits the following: (a) The manufacture, importation, exportation, sale, offering for sale, distribution, transfer, non-consumer use, promotion, advertising, or sponsorship of any health product that is adulterated, unregistered or misbranded; (b) The adulteration or misbranding of any health product.

The aforementioned adulterated product is found to be non-compliant with the existing standards, and, thus pose potential hazards to the consuming public. Acute and chronic exposure of humans to Methanol by inhalation or ingestion may result in visual disturbances, such as blurred or dimness of vision, leading to blindness. Neurological damage, specifically permanent motor dysfunction, may also result. Contact of skin with methanol can produce mild to severe dermatitis in humans.

In light of the foregoing, the public is advised not to purchase the aforementioned adulterated product. Always check if a health product is notified and/or registered with the FDA by using the FDA Verification Portal feature accessible at <https://verification.fda.gov.ph>. which may be used by typing in the name of the product before the purchase and/or using the cosmetic products

All concerned establishments are warned not to distribute unauthorized adulterated health products.

All FDA Regional Field Offices and Regulatory Enforcement Units, in coordination with law enforcement agencies and Local Government Units, are requested to ensure that violative products are not sold or made available in the market or areas of jurisdiction.

To report any sale, distribution, complaint and/or adverse event on the use of the violative cosmetic product, the online reporting facility, eReport can be accessed at ereport@fda.gov.ph, or call us at the Center for Cosmetics and Household/Urban Hazardous Substances Regulation and Research (CCHUHSRR) hotline **(02) 8857-1900 loc. 8113 or 8107**.

Dissemination of this advisory to all concerned is hereby requested.
