Website: www.fda.gov.ph Email: info@fda.gov.ph

Based on the results of the laboratory analyses conducted by the FDA, it was found that the affected batch did not conform to the set specification of assay test. The assay of a drug product determines the (1) presence of a substance and the amount of that substance, or (2) the pharmaceutical potency of a drug. Therefore, the stated batch presents safety, quality and efficacy concerns.

Cloxacillin is used to treat a wide variety of bacterial infections. Cloxacillin (as sodium) 500 mg Capsule [Philclox] is packed in an Alu/PVC Blister Pack x 10's (Box of 100's).

Therefore, distributors, hospitals, retailers, pharmacies, or clinics that have the affected batch of the product are instructed to discontinue further distribution, sale, and use. Likewise, all consumers are advised not to use or purchase the affected product batch and may contact PhilRx Pharma Inc. at telephone no. (02) 655-5492 or send an e-mail to **philrx.regulatory@ambpharma.com** for any question or additional information regarding the recall.

All Local Government Units (LGU) and Law Enforcement Agencies (LEAs) are requested to ensure that the affected product batch is not sold or made available in their localities or areas of jurisdiction.

For more information and inquiries, please e-mail us at **cdrr_postmarketsurveillance@fda.gov.ph**. To report continuous sale or distribution of the abovementioned, kindly e-mail us via **ereport@fda.gov.ph**. You may also call the Center for Drug Regulation and Research at telephone number **(02) 8809-5596**. Any suspected adverse reaction experienced from the use of the products should be reported immediately to the FDA through this link: **https://primaryreporting.who-umc.org/Reporting/Reporter?OrganizationID=PH** and fill-out all of the required fields.

Dissemination of the information to all concerned is requested.

DR. OSCAR G. GUTIERREZ, JR
Officer-in-Charge Director General
