**NOTES:**

<sup>1</sup>In case the comparator drug product is not available in the Philippines, the global innovator (or in its absence, an alternative comparator) should be purchased from a well regulated market with stringent regulatory authority (SRA). Documentary proof of purchase, shipping and storage of the comparator product from the site of purchase to the BE testing center should be provided.

An SRA is a regulatory authority, which is:

- a. a member of the International Council for Harmonization of Technical Requirements for Registration of Pharmaceuticals for Human Use (ICH) prior to 23 October 2015, namely: the US Food and Drug Administration (FDA), the European Commission (EC) and the Ministry of Health, Labor and Welfare (MHLW) of Japan also represented by the Pharmaceuticals and Medical Devices Agency (PMDA); or
- b. an ICH Observer prior to 23 October 2015, namely: the European Free Trade Association (EFTA) as represented by SwissMedic and Health Canada; or
- c. a regulatory authority associated with an ICH member through a legally binding mutual recognition agreement prior to 23 October 2015, namely: Australia, Iceland, Liechtenstein and Norway.

<sup>2</sup>The comparator product should be purchased from the market within the European Union (EU).

<sup>3</sup>The comparator product should be purchased from the US market.

<sup>4</sup>The comparator product should be purchased from the market of Japan.

<sup>5</sup>In case the equivalence study used a comparator drug with different manufacturing site as the one included in this provisional list, the following shall be considered:

- For equivalence studies wherein the comparator drug has a registered counterpart in the Philippines, the applicant shall also provide the corresponding comparative dissolution study report between the comparator drugs in addition to the original equivalence study.
- For those studies wherein the comparator drug used is not available locally, no additional comparative dissolution profile study between the reference drugs shall be submitted
