**SUBJECT : Public Health Warning Against the Use of Unnotified
Cosmetic Products**

The 1987 Constitution of the Republic of the Philippines provided that *"The State shall protect and promote the right to health of the people and instill health consciousness among them."* In line with this, Republic Act (RA) No. 3720 otherwise known as "Foods, Drugs and Devices, and Cosmetics Act", as amended by RA No. 9711, otherwise known as "Food and Drug Administration Act of 2009" has mandated the Food and Drug Administration (FDA) to ensure the safety, quality and efficacy of health products under its jurisdiction.

FDA, being the national regulatory authority covering cosmetic products, requires companies intending to manufacture, import, export, distribute, sell, offer for sale, transfer, promote and advertise cosmetic products to apply with the aforementioned agency, prior to carrying out said activities, for the following market authorizations, specifically (1) License to Operate (LTO) as Cosmetic Establishments and (2) Cosmetic Product Notification.

ASEAN Cosmetic Directive (ACD), adopted and implemented through the issuance of Administrative Orders (A.O.) 2005-0015 and 2005-0025, states in Article 1.3

"The company or person responsible for placing the cosmetic products in the market, shall notify the regulatory authority responsible for cosmetics (hereafter referred to as regulatory authority) of each Member State where the product will be marketed of the place of the manufacture or of initial importation before the product is placed in the market"

Thus, FDA hereby advises the general public not to purchase/use the following cosmetic products that have been collected from various cities in Region III which have not passed through the verification process of FDA thus have no valid cosmetic product notifications:
