**FDA ADVISORY**  
No. 2017-094-A

24 MAY 2018

**TO: GENERAL CONSUMING PUBLIC**

**SUBJECT: Reiteration of FDA Advisory No. 2017-094 Entitled "Reminders to the Public on the Proper Selection and Use of Aquatic Toys"**

---

The Food and Drug Administration (FDA) has issued FDA Advisory No. 2017-094 entitled "Reminders to the Public on the Proper Selection and Use of Aquatic Toys" on 16 March 2017 advising the consumers, especially the parents, on the proper selection and use of aquatic toys.

To supplement this advisory and as a way to protect the children from potential injury or hazards caused by aquatic toys, the Center for Cosmetics Regulation and Research (CCRR) has prepared an information, education and communication (IEC) material which aims to provide key information on the labeling requirements of aquatic toys as well as some safety considerations when buying and using aquatic toy products. This IEC material can be viewed and downloaded via the FDA website ([www.fda.gov.ph](http://www.fda.gov.ph)).

For more information or inquiries, please email us at [info@fda.gov.ph](mailto:info@fda.gov.ph) or call us at CCRR hotline (02) 857-1900 local 8113 or 8107.

Dissemination of the information to all concerned is requested.
