FDA Advisory
No. **2014 024**

SUBJECT: PRODUCT RECALL OF LILY'S PEANUT BUTTER
UNDER LOT NUMBER A1 10:26

In line with the continuous monitoring of all prepackaged peanut-based products relative to FDA Advisory 2014-008, the public is hereby advised that the Department of Health - Food and Drug Administration has issued a Product Recall Order to Newborn Food Products, Inc. for the product **Lily's Peanut Butter (170 grams)** identified under **Lot No. A1 10:26**, with expiry date **052314** which was found to contain an unacceptable level of Aflatoxin.

The recall involves only the specified product under the mentioned lot number and no other Lily's peanut butter variants and sizes are affected by the recall.

The manufacturer is ordered to immediately recall the above-mentioned affected product. All retail outlets carrying the product under the identified lot number are ordered to coordinate with the manufacturer regarding the recall and discontinue selling the affected product to the consumers. The public may send queries and their concerns to FDA's official email address, **info@fda.gov.ph**.

Further, consumers are hereby assured that the FDA conducts continuous monitoring and market surveillance of all peanut-based food products for the purpose of ensuring protection of public health.
