

FDA ADVISORY
No: **20231796**

02 AUG 2023

TO : ALL HEALTHCARE PROFESSIONALS AND THE GENERAL PUBLIC

SUBJECT : Public Health Warning Against the Purchase and Use of the Unregistered Drug Product “Glufarelin Gold Special Nutrition for Diabetes 400g”

The Food and Drug Administration (FDA) advises the public against the purchase and use of the unregistered drug product with false therapeutic claims/advertisements:

Figure 1: Unregistered drug product

Glufarelin

Boost Health

28 essential vitamins and minerals

Clostrum ingredient imported from New Zealand

Replace main meals or snacks

Not only improving complications, long-term use of Glufarelin also helps restore pancreatic function, thereby helping the patient's blood sugar return to the safe limit early, improving the symptoms of high blood sugar such as thirst, tired, thin, lose weight, urinating a lot...

Effective for diabetics

- Reduce numbness, stinging limbs, feeling like ants crawling. Reduces dryness, itching, peeling, calluses, burning skin
- Bright eyes, no aches and pains, blurred vision, comfortable reading newspapers and watching TV
- Reduce nocturia, prevent kidney failure due to long-term diabetes
- Helps wounds heal quickly, avoid necrosis, amputation
- Relieve joint pain, muscle spasms, cramps, restore normal movement
- Reduce blood cholesterol, prevent atherosclerosis and stroke

Most importantly, patients taking Glufarelin will be completely cured without relapse. This helps patients no longer need to inject insulin and take medication for treatment

USES OF GLUFARELIN MILK

- Supports lowering and stabilizing blood glucose below 7 dots
- Reduce symptoms of numbness of limbs, blurred vision of nocturia
- Prevention of dangerous complications such as stroke, kidney failure, heart failure ...

Treatment of diabetes without recurrence

Treatment for diabetics from stem cells

Therapeutic therapy for diabetes patients completely stopped without relapse

Figure 2: False therapeutic claims/advertisements (<https://www.fdashop.online/live> & <http://www.diabeticmilk.com/fda>)

The abovementioned product is being claimed to be used for treatment of diabetes. In addition, FDA Post-Marketing Surveillance (PMS) activities have verified that the abovementioned drug product has not gone through the registration process of the Agency and has not been issued with proper authorization in the form of Certificate of Product Registration. Thus, the Agency cannot guarantee its quality and safety. Therefore, consumption of such violative product may pose potential danger or injury to health.

Pursuant to Republic Act No. 9711, otherwise known as the “Food and Drug Administration Act of 2009”, the manufacture, importation, exportation, sale, offering for sale, distribution, transfer, promotion, advertising or sponsorship of health products without proper authorization from FDA is prohibited.

All concerned establishments and/or entities are warned not to distribute the above-identified violative drug product until it has been covered by the appropriate authorization, otherwise, regulatory actions and sanctions shall be strictly pursued. Always check if a product is registered with the FDA by using the **FDA Verification Portal** feature accessible at <https://verification.fda.gov.ph>.

All Local Government Units (LGUs) and Law Enforcement Agencies (LEAs) are requested to ensure that this product is not sold or made available in their localities or areas of jurisdiction.

For more information and inquiries, please e-mail us at info@fda.gov.ph. To report continuous sale or distribution of unregistered health products, kindly e-mail us via ereport@fda.gov.ph. You may also call the Center for Drug Regulation and Research at telephone number (02) 8809-5596. For any suspected adverse drug reaction (ADR), report immediately to FDA through this link: <https://primaryreporting.who-umc.org/Reporting/Reporter?OrganizationID=PH> and fill out all the required fields.

Dissemination of the information to all concerned is requested.

DR. SAMUEL A. ZACATE
Director General
